

# Mohamed Khassar

## Full-Stack Web Developer

Bouskoura, Morocco | +212 664 945127 | [mohamedkhassar775@gmail.com](mailto:mohamedkhassar775@gmail.com)

GitHub: [github.com/mohamedkhassar](https://github.com/mohamedkhassar) | Portfolio: [mohamed-khassar.vercel.app](https://mohamed-khassar.vercel.app)

## Objective

---

Versatile Full-Stack Web Developer with a strong passion for **JavaScript** and **TypeScript**. Proficient in modern frameworks including **ReactJS**, **NextJS**, **NodeJS**, and **ExpressJS**. Committed to crafting high-performance, user-centric web applications with clean code, responsive design, and a focus on seamless user experience.

## Highlighted Projects

---

### InferaAI SaaS Landing Page, Front-end Developer | 2025

- Developed a SaaS landing page using **ReactJS (TypeScript)** and **Tailwind CSS**, this project challenged me to master responsive design and optimize performance for seamless UX.
- Link:** <https://infera-ai-landing-page.vercel.app>

### Personal Portfolio, Front-end Developer | 2025

- Designed and developed a personal portfolio using **ReactJS** and **Tailwind CSS** to showcase full-stack projects and technical expertise.
- Link:** <https://mohamed-khassar.vercel.app>

### E-Commerce Platform, MERN-Stack Developer | 2024

- Collaborated with a team to develop a user-friendly e-commerce platform using the **MERN stack**. Key features included **responsive design**, and **efficient product management**.
