## Profile

Competent junior developer in **ReactJs**, **NodeJs**, and **ExpressJs**, ready to apply my skills. My enthusiasm, quick learning ability, and commitment make me a dedicated team member, poised to tackle challenges and learn collaboratively. Let's embark on this coding journey together.

## Academic Projects

- **Real-Time Chat Room Application (Full-Stack)**  
Development of a real-time communication platform allowing users to share messages instantly using websockets. Technologies used include Next.js, TypeScript, socket.io, Express.js, and MongoDB.
- **Note Management Platform**  
Development of a simplified full-stack web application for note-taking. Technologies used include Redux Toolkit, API Route, Next.js, TypeScript, Axios, and TailwindCSS.
- **AuthFlow Pro RBAC FullStack Web Application**  
Development of a full-stack web application, AuthFlow Pro RBAC, implementing Role-Based Access Control (RBAC) for role and permission management. Technologies used include TypeScript, React, TailwindCSS, Joi, Node.js, Express.js, JWT, and Jest.

## Soft Skills

- Collaborative Work
- Responsiveness and Autonomy in Project Management
- Problem Solving

## Hobbies

- Football
- Video Games
- Swimming

## Diplomas & Bootcamps

Bootcamp

**Full-Stack JS Development**

**JobInTech X Simplon Maghreb**

📅 December 2023 - Current

📍 Casablanca, Morocco

Associate Degree

**Digital Development**

**OFPPT**

📅 September 2021 - July 2023

📍 Casablanca, Morocco

## Technologies

### languages

- JavaScript/PHP/TypeScript

### Front-End

- HTML/CSS/ReactJs/NextJs/  
TailwindCSS/Bootstrap/  
Shadcn

### Back-End

- NodeJs/ExpressJs/Laravel/  
MongoDB/MySQL

### Tools

- Git/Swagger/JWT/Jest
